ENVIRONMENTAL & PACKAGING

HOW TO USE

Fill dish wash dispenser to the fill level mark. If machine has no such mark, use 400 grams.

Not suitable for automatic dishwashing.

Dishwasher Powder

Directions: Before loading dishwasher, remove all food scraps. Load machine according to manufacturer's instructions. Allow adequate space between items. Fill the dispenser to the fill level mark. If your machine has no such mark use 40 grams of powder (approx. 2 heaped tablespoons). Set the machine as normal and commence washing cycle. Certain items (such as decorative glassware, hand painted porcelain and some plastics) are not suitable for automatic dishwashing.
