ENVIRONMENTAL & PACKAGING

Dishwasher Powder

Directions: Before loading dishwasher, remove all food scraps. Load machine according to manufacturer's instructions. Allow adequate space between items. Fill the dispenser to the fill level mark. If your machine has no such mark use 40 grams of powder (approx. 2 heaped tablespoons). Set the machine as normal and command washing cycle. Certain items (such as decorative glassware, hand painted porcelain and some plastics) are not suitable for automatic dishwashing.

Main Ingredients:
Sodium Carbonate >30%
Sodium Metasilicate Pentahydrate 15-20%
Sodium Dichloroacrylate dehydrate <5%

Precautions: KEEP OUT OF THE REACH OF CHILDREN. FOR PROFESSIONAL USE ONLY.

HEALTH & SAFETY:
H202 - May be corrosive to metals
H314 - Causes severe skin burns and eye damage
H318 - Causes serious eye damage
P234 - Keep only in original container P280 - Do not breathe dust
P284 - Wear eye protection
P303+P361+P353 - Wash face, hands, clothing after handling
P305+P351+P338 - In case of eye contact, rinse immediately with plenty of water for several minutes. Remove contact lenses, if present and easy to do so. Continue rinsing.
E060-021 - Contact with acids liberates toxic gas
